

NATIVITY SCENE NYC 2010

Jesus is screaming in a manger
Joseph slaps Mary.
She bears a bastard
& tells him God did it.
The three-wiseman
sneak out the backdoor.
The little drummer boy
just got shot by cops.
A gang called the disciples
just jump Judas for his
Jesus piece.

At club Eden,
Eve is working that pole.
Adam is in love with a stripper.
Drunk on apple cider,
Lucifer is the bartender,
Business is booming.

At the Cathedral
Little girls don't give a shit
about Mother Theresa.
They are busy worshipping
St. Beyonce & Lady GaGa.
John the Baptist is laying hands
on little boys.
Washing away innocence
with incest.

We are all God's children.

On the corner of
hope & hallelujah.
There is a crazy old lady,
juggling halos.
Flailing her arms
like misguided bottle rockets,
she points up, always up.

That ball in the sky is the Sun.
So what makes you think
Heaven ain't hot as hell?
